Application:

Customize Lavina Bush Hammer Rollers is suitable for floor surface fabricating, making bush hammered effects for stone products.Bush Hammer is a tungsten tool used to remove coatings,epoxy or texture concrete.The 30 pins leave an excellent profile for the bonding of coatings and overlays.

Use and maintenance of bush hammer:
· Wet use strongly recommended and the more water the better
· Do not apply too much pressure on bush hammer. This will prevent roller from stopping and thus decrease the life span of the tungsten steel
· After each use, please clean up rollers, dry and apply oil to the spindles. It will be ideal to submerge the rollers in oil to prevent spindle rust
· Roller tips can be re-dressed with diamond blades when they become inefficient.

Applications Machine:

Customize Lavina Bush Hammer Rollers for Lavina floor grinders or other grinders with adapter.

Installation effect:

Grinding effect:

About Us:

Packing Delivery:

PS:

1.Tools packing in carton cases

2.By Air/Sea for batch goods, Airport/Port receiving

3.Less than 45kg, generally delivery by express(Door to Door

4.When tools are in large quantities, they are packing in wooden cases

Our Service:

1.Low MOQ: It can meet your trial order need well.

2.OEM Accepted: We can produce according to your sample or drawings.

3.Good Service: We treat our clients as God with high professionalism and passion.

4.Good Quality: We have strict quality control system. Good reputation in the market.

5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.**How could we know the quality, if we want to order your products?**
Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.**Can you offer free samples?**
We don’t offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.**Does your company accept custom-made?**
Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

1.Please provide the material before purchase.

2.Before purchase, please provide the model of the machine.

3.Other specifications can be customized according to requirements.
