Product Description

Special designed **Vacuum Brazing Bush Hammer Roller For Manufacturer** with frankfurt base can also install 45s, 60s, 72s, 99s and other grinding wheels on frankfurt base.The vacuum brazed bush hammer head has a size of φ50mm×w32mm.

This Frankfurt type bush hammer plate is vacuum brazed and can be used on automatic grinding machines. With a frankfurt type steel base, it is simple to install or uninstall it. We provide different diamond grits for making different finishes.

Vacuum brazing is a welding technology for attaching the diamonds or carbide chips on the blank rollers(right now, the diamonds are mostly used).

The vacuum brazed bush hammer roller is the roller used the welding technology of vacuum brazing, for making sandblast bush-hammered profiles on soft stones(like marble, etc.).

There is a wide range of diamond grits you can choose, for coarse grinding, medium grinding, and fine grinding.

Feature:

1.High production and new finishes with minimum investment.

2.Fixed on the hold plate of the polishing machine as a polishing tool.

3.The disposition of the rollers and their special insert give medium comma finish.

4.The horseshoe base is designed to be easily installed on the replacement machine.

5.Oppotunity to work on thin or defective slabs,uniform finish over the whole slab surface.

Product Specification:

The Following Are Normal Specifications **Special Designed Vacuum Brazing Bush Hammer Roller:**

Roller Width	Roller Diameter	Machine	Application
32mm	50mm	Frankfurt Grinding Machine, Automatic Grinding Lines	Grinding Lines Creating Sandblasting Surface For Natural Stone

The above specifications is only for reference, other specifications may be available as per customer's demand.

Application:

Rotary bush hammer roller for grinding granite,marble,sandstone,concrete floor.

Vacuum brazed bush hammer can used in frankfurt grinding machine and automatic grinding lines.

We also provide the bush hammer plate of Lavina, HTC, RedI lock, Klindex, Scanmaskin, Fickert, which support customization.

Marble

Granite

Quartz

Sandstone

Limestone

Concrete Floor

Asphalt Pavement

FAQ

1.How can we be your agent in our country?

Please inform us your detailed company, we will discuss and propose helpful suggestion for you, and to find the best solution for you.

2. If we need technical support, can you offer us?

Yes, we have an experienced team, offering our customers additional benefits with specific advice, by our product managerment staff, engineers and technicians.

3.Can your products use different objects and materials?

It is best to communicate with our staff before using, because different products use different proportions of ingredients and use different effects.
