

Introduction:

Continuous diamond zero tolerance grinding wheels are machined blades or other tools to remove the remaining excess material edge grinding and polishing the fastest way, To prepare for subsequent polishing, Applicable in Pneumatic grinder, Portable Mill, Wait.

Feature:

1. Shape precision, good grinding effect, long pot life;
2. The high grinding efficiency, for different grinding objects, using different binding agent;
3. Factory direct, affordable, comprehensive and low cost;
4. We can manufacture according to customer's needs shape specifications;

specification:

The following are general specifications of our continuous zero tolerance diamond wheel:

Product name	Diameter	Segment Length	Screw thread
