

introduction

Laser welding concrete water drill used to drill reinforced concrete, high strength concrete structures, brick, etc., for a variety of desktop or hand-held drill machines

Features:

1. Laser welding, segment not easy to fall
2. The matrix of high strength, long life
3. The segment of good quality, sharpness and strong

Specifications:

The following are the specifications of our laser welding concrete water drill bit:

product name	Product Code	Diameter / mm	Segment thickness / mm	Segment height / mm	Effective length / mm	Inner hole
Laser welding diamond core drill bit	LWCD52	52	3.5	10	350	M22
	LWCD63	63	3.5	10	350	M22
	LWCD76	76	3.5	10	350	M22
	LWCD89	89	3.5	10	350	M22
	LWCD102	102	3.5	10	350	M22
	LWCD108	108	3.5	10	350	M22
	LWCD152	152	3.5	10	350	M22
	LWCD203	203	4.0	10	350	M22
