

Introduction:

Spiral slab floor polishing pad 4" is application for portable floor polishing machines to polish and shine concrete

surface. Designed specifically for the floor restoration professional, these diamond impregnated resin discs are a full

10mm thick and are mounted on a rigid base. The thickness and composition of these discs provide extended life when used

on concrete floors. Also can be adapted to fit any floor machine and will deliver a consistent, glossy finish under adverse

operating conditions.

Features:

1. High processing efficiency and long lifespan.
2. Good balance and stable performance.
3. Good polishing effect.
