

Introduction:

Wet diamond quartz stone drilling bit is suitable for stand drilling machine, electrical hand-held drillers to wet drill quartz stone and other construction materials.

Features:

1. Excellent cutting speed with a long lifespan.
2. Good sintered offer high efficiency drilling.

Specifications:

The followings are the normal specifications of our wet diamond quartz stone drilling bit:

Code No.	Diameter	Segment Size	Use	Pipe Length	Welding Method	Adaptor
BW-BDDB-00	20mm (3/4")	12x3x10	Wet	100mm or 85mm	Silver Welding or Laser Welding	5/8"-11 M14 1/2" Gas
	22mm (7/8")	12x3x10				
	25mm (1")	12x3x10				
	29mm (1-1/8")	12x3x10				
	32mm (1-1/4")	16x3x10				
	35mm (1-3/8")	16x3x10				
	38mm (1-1/2")	16x3x10				
	42mm (1-5/8")	16x3x10				
	45mm (1-3/4")	16x3x10				
	50/51mm (2")	16x3x10				
	57mm (2-1/4")	22x3.5x10				
	60mm (2-3/8")	22x3.5x10				
	63mm (2-1/2")	22x3.5x10				
	70mm (2-3/4")	22x3.5x10				
	76mm (3")	22x3.5x10				
	80mm (3-1/8")	22x3.5x10				
	89mm (3-1/2")	22x3.5x10				
	102mm (4")	22x3.5x10				
110mm (4-3/8")	22x3.5x10					
127mm (5")	24x4x10					

The above specifications are for reference, other specifications can be ordered by customers.
