Features:
 - High-speed cutting performance
 - Long service life
 - Easy to install and use

Applications:
 - Concrete cutting
 - Brick cutting
 - Masonry cutting

Product Name: 250 x 250mm L4
 This diamond saw blade is designed for cutting concrete, brick, and masonry. It features a high-quality diamond coating and a reinforced steel core for durability and performance. The blade is suitable for use in various construction applications, including wall and floor cutting.

Applicable materials:
 - Concrete
 - Brick
 - Masonry
 - Stone
 - Ceramic tiles
 - Glass
 - Metal (with special coating)

Advantages:
 1. High cutting efficiency
 2. Long service life
 3. Easy to install and use
