

40mm 1200mm Boreway 40mm 1200mm

Image:

40mm 1200mm diamond-coated metal plates, used for various industrial applications. The surface is highly durable and resistant to wear and tear. The coating is applied using a specialized process involving diamond and metal powder. The plates are available in various sizes and thicknesses to meet different requirements.

Image:

1. The diamond-coated metal plates are used for various industrial applications, including cutting, grinding, and polishing.
2. The diamond-coated metal plates are highly durable and resistant to wear and tear, making them ideal for use in high-pressure environments.
3. The 40mm 1200mm diamond-coated metal plates are available in various sizes and thicknesses to meet different requirements.
4. The diamond-coated metal plates are used for various industrial applications, including cutting, grinding, and polishing.

Support Sample Processing Customization

Style and Specifications

Contact Salesman

Due to the large number of product specifications and styles, in order to avoid conflicts, please contact the salesman before placing the order.

1

Provide Samples

The manufacturer supports the sample processing and customization, and the buyer provides the sample first to communicate the production requirements.

2

Mail Samples

According to the buyer's demand for proofing, the manufacturer needs the buyer to pay the proofing fee first, and the sample fee will be returned after the order is concluded.

3

Generate Order

The buyer receives the sample. If satisfied, place an order for batch production. After confirming the receipt, contact the salesman to return the proofing cost.

4

如有任何疑问，请随时拨打我们的服务热线 280-320 与我们联系，我们将竭诚为您服务！
