Logistics Services:

1. **MOQ:** Minimum Order Quantity - The smallest number of units a manufacturer will produce for a customer.
2. **OEM:** Original Equipment Manufacturer - A company that produces parts and components for other companies.
3. **Dropshipping:** A retail fulfillment method where a store doesn't keep any inventory of the goods it sells; instead, it purchases the goods from a third party and has them shipped directly to the customer.
4. **Private Label:** A product that is manufactured by one company but sold under another company's brand name.
5. **Wholesale:** The sale of goods in large quantities at a reduced price.

Logistics and Supply Chain:

1. **Supply Chain:** The network of organizations, people, activities, information, and resources involved in moving goods and services from the supplier to the customer.

8. **Logistics:** The management of the flow of goods and services, including the transportation, storage, and distribution of these goods and services.

2. **Supply Chain Management:** The management of the supply chain from the supplier to the customer.
