boneway® **Raw materials**

To meet your demands for cutting different materials, such as granite, marble, quartz stone, sandstone, microcrystalline stone, volcanic rock, concrete, glass, ceramics, masonry etc. Different segments recipe were been developed by our company.

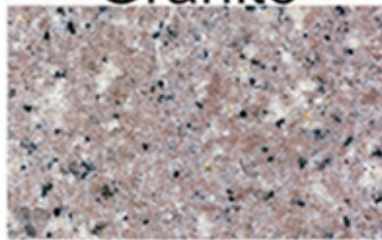

Confidential Formula

boreway® Multi size diamond wire saws

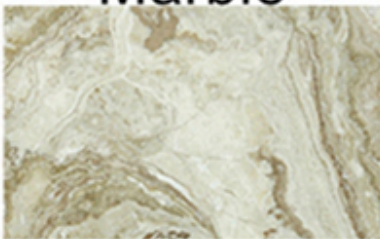

boreway® Applicable materials

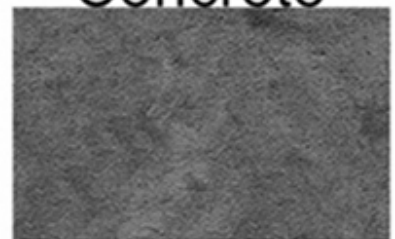

Granite

Marble

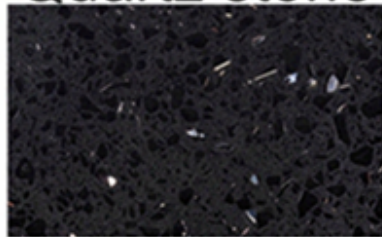

Concrete

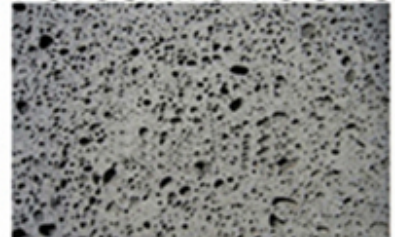

Sandstone

Quartz stone

Volcanic rocks

Bridge reconstruction

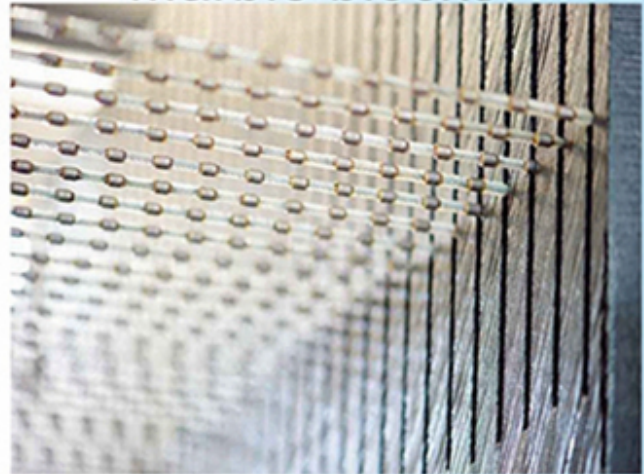

Road construction

Granite blocks

Marble blocks

Advantages:

1. Simple to use, easy to operate and maintain
2. High efficiency and low cost
3. Suitable for various types of stone and concrete

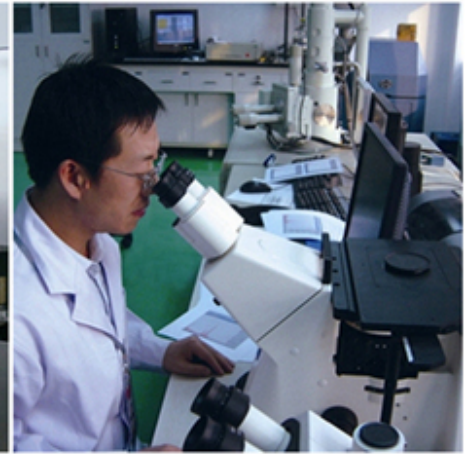

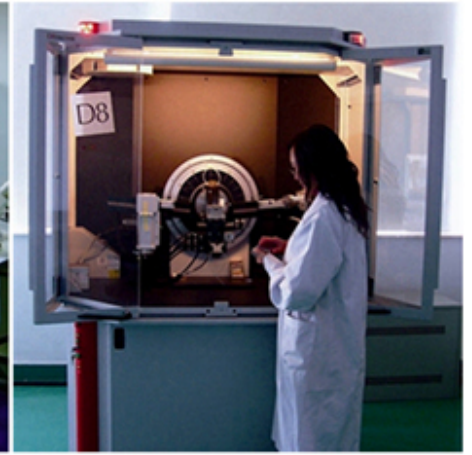

Applications & Features:

The Boneway machine is used for cutting stone and concrete into blocks and slabs. It is suitable for various types of stone and concrete. The machine is easy to use and maintain. It has a high efficiency and low cost. It is suitable for various types of stone and concrete.
