Boreway offers a wide range of diamond grinding and polishing pads for various applications. These pads are designed to provide efficient material removal and a smooth finish. The pads are available in different diameters and grits, allowing you to choose the right pad for your specific task. Boreway Polishes are known for their durability and performance, making them a reliable choice for professionals and DIY enthusiasts alike.

Our diamond grinding and polishing pads are made from high-quality diamond particles, ensuring long-lasting performance. They are suitable for grinding and polishing a variety of materials, including granite, marble, quartz, and ceramic. The pads are designed to provide a consistent finish and are easy to use. We offer a range of grits from 50# to 3000#, allowing you to achieve the desired level of smoothness. Our pads are also available in different diameters, from 3" to 7", to suit different applications. We have received many positive feedbacks from our customers, praising the quality and performance of our diamond grinding and polishing pads. We are confident that our pads will meet your expectations and provide excellent results.
