

Introduction:

1. Redi-lock (external plug) diamond floor grinding blocks are designed for used in Husqvarna (or scanmaskin) floor grinding machines to remove the expoxy,glue,paint and other uneven coating of concrete,terrazzo and stone floor, show a smooth and brand new floor. It is convenient for subsequent grinding and polishing treatment;
2. The diamond grinding blocks use the standard redi-lock, It has 2 rectangle diamond segments.There have a variety of grits for your choice;
3. BOREWAY provide three kinds diamond segment bonds for different floors, soft, medium and hard.The grinding blocks we provide are belong to high quality, please do not confuse these blocks with other cheap blocks;
4. This grinding block is usually used on floor grinding machines (such as husqvarna and scanmaskin) with redi-lock (external plug) interface, can be quickly installed and dismantled, greatly improving the efficiency of work.

Features:

1. We can provide soft, medium, hard bond designed specifically for various floors;
2. Redi-lock (external plug) connection, easy and quick replacement;
3. Different size segments can be custom.
