

Introduction:

1. 3inch 80mm 4 steps floor diamond floor polishing pads are specially designed for floor renovation, they are suitable for stone, concrete, ceramic, epoxy and other floors.
2. The standard thickness of these polishing pads is 13mm, diameter is 3inch 80mm, 1 set pads includes 4 pieces, the grit are 50#, 100#, 200# and 400#;
3. BOREWAY can provide three quality (Premium, Standard, Economical) diamond polishing pads, do not confuse these pads with cheap thin pads. Color coded for easy identification. Velcro backing for quick pad changes;
4. BUFF polishing pads also could be supplied, it could make materials more brightness.
5. If the ground conditions are bad, we suggest using floor grinding blocks first, and then using floor polishing pads.
6. Because of the metal inside, so these pads have a huge advantage for grinding and polishing materials of higher hardness, like hard granite and concrete floor, the life and grinding efficiency of the metal polishing pads is 3 times of that of the ordinary resin polishing pads.

Features:

1. Easy to use, polishing efficiency is faster;
2. Logo could be customized after communication;
3. High quality resin powder and diamond are adopted;
4. With BUFF pads, polishing brightness is higher than 95 glossness;
5. Adopt the high-quality nylon sticky cloth, adhesion is good and the reusable is not easy to be damaged.

Specification:
