

## Specifications:

The following are normal specifications 7 Inch Double Row Diamond Grinding Wheel:

|                    |                                             |
|--------------------|---------------------------------------------|
| Name:              | 7 Inch Double Row Diamond Grinding Wheel    |
| Blank Material:    | 45Mn Steel                                  |
| Surface Finishing: | Color Painting                              |
| Diameter:          | 7 Inch (D180mm)                             |
| Bore:              | M14, 22.23, 5/8"-11                         |
| Grits Available:   | Coarse, medium, fine                        |
| Segments Type:     | Double Row Segment                          |
| Material:          | Diamond And Metal Powder                    |
| Machine:           | Soft Bond, Medium Bond, Hard Bond           |
| Bond Available:    | Angle Grinder or General Grinding Machine   |
| Process:           | Cold Pressed Sintered,High-Frequency Welded |

Specially designed tools are available for any standard application. We can Tailor your tools to your specific needs.

#### Descriptions:

#### **7 Inch Double Row Diamond Grinding Wheel for Stone Surface and Concrete Floor**

Using **7 Inch Double Row Diamond Grinding Wheel** is the most efficient way to grind from marks and imperfections in concrete, as well as masonry, stone and other vonstruction materials.

**7 Inch Double Row Diamond Grinding Wheel** This single row cup whell is designed for fast removal rates and long lifespan.

#### Applications:

**7 Inch Double Row Diamond Grinding Wheel** suitable for works with concrete, tiles, wall, marble, grinding granite edges, plate, chamfering and arc grinding. Applicable to marble

grinding, granite, ceramic, artificial stone, glass, etc.

#### Choice Grit:

7 Inch Double Row Diamond Grinding Wheel metal bond diamonds high grinding efficiency and low grinding force generates less heat in the grinding process.

1) Coarse grit: 16#,24#,25#,30# etc.

Could be used for un-even concrete floors, rough grinding preparation on floor or old floor renovation.

2)Medium grits: 36# , 50/60# , 60/80# etc.

Could be used for all kinds of concrete and terrazzo floors, grinding preparation on floor or old floor renovation.

3) Fine grits: 80/100# , 100/120# , 120/150# , 200# etc.

Could be used for all kinds of concrete and terrazzo floors, find grinding preparation on floor or old floor renovation before polishing.

#### Advantages:

1. 7 Inch Double Row Diamond Grinding Wheel venting holes for fast, dry or wet grinding with long life.
2. Grinding segments with heat treated steel bodies which provide increases durability and wheel life.
3. The high diamond concentration provides for a faster cut rate while the high quality of the diamonds provides longer blade life.

#### Features:

1. Venting holes for fast, dry or wet grinding with long life.
2. Turbo Row Cup Wheel is ideal for beveling, smoothing and shaping.
3. Grinding segments with heat treated steel bodies which provide increases durability and grinding life.
4. Double Row Diamond Grinding Wheel suitable for use on grinding on marble, tile, concrete, and rock.
5. The high diamond concentration provides for a faster cut rate while the high quality of the diamonds provides longer blade life.

#### About us:

### **Our service:**

1. Low order quantity: It can meet the test order you need.
2. Fast delivery: We get great discounts from freight forwarders.
3. OEM Acceptable: We can produce according to your samples or drawings.
4. Good quality: We have a strict quality control system. Has a good reputation in the market.
5. Good service: We regard our customers as God with a high degree of professionalism and enthusiasm.

### **Please note:**

1. Please provide items before purchase.
2. Please provide the model number before purchase.
3. Other specifications can be customized according to requirements.
