

Introduction:

Rotary bush hammer plate for granite is suitable for surface fabricating, making bush hammered effects for stone products.

It's scrollable and highly efficient, for example, a roller of 200mm's diameter can fabricating more than 100m² Stone products per day. We can sell the roller separately, and we have plenty of styles and specifications for the roller starts from 125mm to 700mm. And the pins of roller can be customized as well.

Rotary bush hammer plate for granite adopted the sophisticated welding technology and selecting high quality aluminum alloy to casting, bush hammerer's grit can be changed through the adjustment of spring elasticity on bush hammer, manual grinding machine press. Both enlarging spring's interval to reduce spring elasticity and reducing machine's press can enhance bush hammer vibration to make bush hammered face rough. Widely used on granite, marble sandstone to make rough surface.

Features:

Rotary bush hammer plate for granite usually used in the following aspects:

1. Easy installation and use.
2. Uniform finish over the whole slab surface.
3. Opportunity to work on thin or defective slabs.
4. High production and new finishes with minimum investment.
5. Fixed on the hold plate of the polishing machine as a polishing tool.
6. The disposition of the rollers and their special insert give medium comma finish.

Advantage:

1. With long life.
2. Fast cutting speed.
3. More smooth running.
4. Convenient operation.
5. Very easy cutting without swinging.
6. High productivity, even face thicker blocks.
7. Grind diverse stones into rough surface with high precision.
8. Specially used on granite, marble sandstone to make rough surface.

Specifications:

The normal size of **rotary bush hammer plate for granite**:

Model Number:	Size:	Rollers NO.:	Grains NO.:	Applicable Machine:	Material:
BW-BHP-17K	17 Inch	6 Rollers	45 Grains	Klindex Machine	Tungsten Carbide+Alloy

Specially designed tools are available for any standard application. We can customize tools as per your exact needs.

About Us:

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so m any people in the world to use Chinese products, because of the high quality and most compe titive prices. We are professional manufacturer in supplying diamond tools for more than 8 ye ars. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get th e samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is ve

ry important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including differentcolor, grit etc. We also can mark your ownlogo and brand on the pad. Any new productsyou want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

- 1.Please provide the material before purchase.
- 2.Before purchase, please provide the model of the machine.
- 3.Other specifications can be customized according to requirements.
