

0000

4. 100mm diameter diamond grinding wheel with 5mm thickness and 100mm diameter hole.
- Grinding wheel with 5mm thickness and 100mm diameter hole, available in 50, 100, 200, 400, and 500 grits.
- Grinding wheel with 3mm thickness and 100mm diameter hole, available in 50, 100, 200, 400, and 500 grits;
- Grinding wheel with 5mm thickness and 100mm diameter hole, available in 50, 100, 200, 400, and 500 grits.
- Grinding wheel with 3mm thickness and 100mm diameter hole, available in 50, 100, 200, 400, and 500 grits.

000

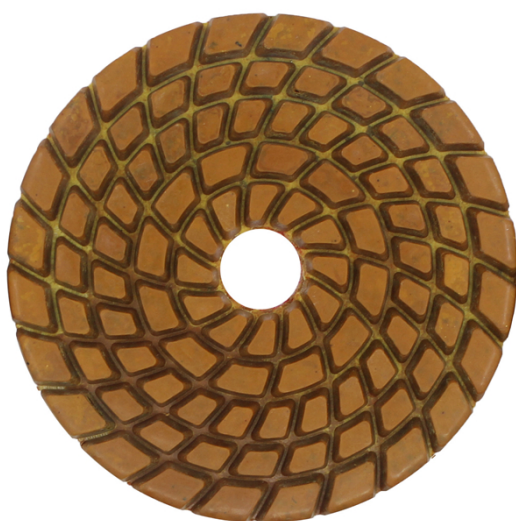

- Grinding wheel with 5mm thickness and 100mm diameter hole.
- Grinding wheel with 5mm thickness and 100mm diameter hole.
- Grinding wheel with 5mm thickness and 100mm diameter hole.
- BUFF grinding wheel with 95 grits.
- Grinding wheel with 5mm thickness and 100mm diameter hole.
