

180# Frankfurt Diamond Abrasive Block For Rough Grinding On Granite Slab In Automatic Grinding Machine

Description:

180# Frankfurt Diamond Abrasive Block is designed for marble calibration and rough grinding. This Frankfurt plate is designed with selected metallic powder and high concentration of diamond that gives good grinding power to calibrate and grind marble slab and tiles. With use of metallic plate, pressure of polishing head would be greatly decreased and longevity of abrasives stone would be greatly extended, i.e. metallic plate helps save both cost and energy.

Model	Grit

- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most compe

titive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.
