The above specifications is only for reference, other specifications may be available as per customer's demand.

Feature:

1pcs Dry Wet Turbo Rim Curved Saw Blade

- * Professional quality, very fast cutting
- * Blade intended for cutting on granite concrete marble stone
- * Accurate and smooth precision cuts
- * With protective teeth, prevent undercutting.
- * Dry and wet use, better performance with water

Description:

1pcs Dry Wet Turbo Rim Curved Saw Blade faster cutting on kinds of Hard, Medium Hard, Soft Stone, like Granite, Marble, Sandstone, Limestone etc.

Segment Height:	8mm
Hole:	22.23mm
Segment Thickness:	2.8mm
Blade Size:	5Inch
Outer Diameter:	125mm
Blade Type:	Sintered Saw Blade
Feature:	Fast Cutting Speed
Finishing:	Anti Rust Oil, Gloss Oil And Spray Paint
Application:	Stone, Marble, Granite, Concrete, Etc.

Advantage:

1pcs Dry Wet Turbo Rim Curved Saw Blade

1. The cutting is smooth and smooth, the cutting seam is small, and the forming is accurate.
2. Corrugated tooth shape, fast chip removal, conducive to cutting, high cutting efficiency
3. With T-shaped reinforced protection teeth, the service life of the saw blade is longer.
4. Fine thermal sintering process, both dry and wet cutting.

Factory=Quality Control=Competitive Price=Own technology=OEM

Application:

1pcs Dry Wet Turbo Rim Curved Saw Blade with T segmented has deep segment on both sides improve cured cutting, minor grinding and help prevent binding for cured cutting in Granite and Marble.

Applications Machine:

1pcs Dry Wet Turbo Rim Curved Saw Blade is used to cut round or arc-shaped wire plates for table protection. The cutting effect on both the inner and outer sides is also excellent. Suitable cutting tool for deep cutting and High-intensity workload. Suitable for all kinds of manual cutting machines or angle grinders.

Angle Grinders Machine

Manual Cutting Machine

Attention when use:

1. Before saw blade installed, pollutions adhering between saw blade and flange shall be removed,
when installing saw blade, the marked direction shall be kept consistent with the rotating direction of electric tools, and flange shall be fastened by spanner attached to electric tools.
2. Do not use any saw blade that has been deformed for being pressed or crashed.

3. When operating, operator must wear safety helmet, safety footwear and goggles, protective glove, additionally, if necessary operator must use earplug, mask and so on
4. Electric tools shall have protective cover.

About us:

Packing □ Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door□)
- 4.When tools are in large quantities, they are packing in wooden cases

Our Service:

1. Low order quantity: It can meet the test order you need.
2. Fast delivery: We get great discounts from freight forwarders.
3. OEM Acceptable: We can produce according to your samples or drawings.
4. Good quality: We have a strict quality control system. Has a good reputation in the market.
5. Good service: We regard our customers as God with a high degree of professionalism and enthusiasm.

FAQ:

1. If we want to order your product, how do we know your quality?

You can test with a small order, and then you will know the quality. Nowadays, many people in the world use Chinese products because of their high quality and high cost performance. We are a professional diamond tool manufacturer with more than 8 years of manufacturing experience.

2. Can you provide samples for free?

We do not provide free samples. Based on years of experience, we believe that customers will want them because of their reliable quality. By purchasing samples, we will cherish and appreciate them and make them get more. We are ready to offer our potential customers a special discount on samples. It's very important that you give us feedback, and we will

appreciate it.

3. Does your company accept customization?

Of course, we accept customization. Including different colors, cutting objects, etc. We can also tag your own label and company brand. If you want us to make any new products for you, just send your products to us. Whether it's drawings or samples, we have the ability to produce the same products. We will not sell these products to others, only customers can get permission.

Please Note:

Please use high frequency Silver Welded machine instead of Fire to make the brazing, the welding time is only a few seconds, otherwise the diamond inside the segments will probably be damaged by the high temperature, then the cutting performance will be Reduced!
