

Introduction:

1. **20S Star Alloy Bush Hammer Roller** is used as a design element to create a profile just like Litchi surface. We devote ourselves to provide high quality product and helping you down comprehensive cost to get more benefit.

2. The grit of bush hammer face can be adjusted and the size of adaptor decide to its machine, other specifications can be customized according to requirements.

3. The bush hammer is a masonry tool used to texturize stone and concrete. Bush hammers exist in many forms, from simple hand-held hammers to large electric machines, but the basic functional property of the tool is always the same – a grid of conical or pyramidal points at the end of a large metal slug.

4. It is suitable for surface fabricating, making bush hammered effects for stone products, remove coating or texture concrete, effectively to make a non-slick profile suitable for both inside and outside environments.

5. **20S Star Alloy Bush Hammer Roller** is suitable for floor grinding. And for stone the roughness of the bush hammered surface can be adjusted with our bush hammer through adjustment of spring elasticity on the bush hammer, or through the pressure of the manual grinding machine.

Features:

20S Star Alloy Bush Hammer Roller usually used in the following aspects:

1. Durable metal and diamond compound.
2. Competitive price and superior quality, different granularities and sizes as requested.
3. To expose the aggregate in concrete floors to prepare for concrete polishing.
4. Effective for grinding natural stones to get bush hammered effect, also called litchi surface.
5. To use as a scarifying machine with the advantage that it is aggressive but gentle enough not to “dig” uncontrollably into the floor surface.

About Us:

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1. How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will

be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

- 1.Please provide the material before purchase.
- 2.Before purchase, please provide the model of the machine.
- 3.Other specifications can be customized according to requirements.
