

**Introduction:**

**5 Inch Variable Speed Wet Electric Grinding Machine With Leakage Protection** is wet used to equip grinding pad for grinding rock,concrete and other building materials. It is convenient,high efficiency and safe.

**Features:**

- 1. The speed can be adjusted.
- 2. Wet using and dry using are both available.
- 3. With appropriate weight and good shape design,convenient to operate.

**Specifications:**

The following are the normal specifications of **5 Inch Variable Speed Wet Electric Grinding Machine With Leakage Protection**

| Max Size Of Mill | Rated Input power | Rated Voltage     | Rated Frequency | No-Load Speed |
|------------------|-------------------|-------------------|-----------------|---------------|
| 5inch            | 800W              | 230V-240V or 120V | 50/60HZ         | 700-3000r/min |

The above specifications are for reference, other type can be ordered by customers.
