

Boreway 30S Redi-lock Bush Hammer Head Concrete Plate For Husqvarna Machine Suppliers

Feature:

30s Redi-Lock Bush Hammer Head

- 1) Durable Metal diamond.
- 2) Beautiful package and fast delivery.
- 3) Competitive price and superior quality.
- 4) Different granularities and sizes as requested.
- 5) Effective in the process of grinding and polishing concrete floor.

Introduction:

30s Redi-Lock Bush Hammer Head for stone surface fabricating, making bush hammered effect for stone products.

30s Redi-Lock Bush Hammer Head is designed to pulverize the surface of concrete making it fast and easy to get to full aggregate exposure. It is also great for coating removal.

The Husqvarna Bush Hammer is an ultra aggressive prep tool for use on the Husqvarna PG820. The Husqvarna Bush Hammer is designed to pulverize the surface of concrete making it fast and easy to get to full aggregate exposure. It is also great for coating removal.

Each bush hammer assembly comes in four parts – the holder disc, 3 rollers, 12 cap screws and 12 lockwashers (4 per roller). You can first purchase the set of all four components. And then as you need more rollers, keep the plate and replace the rollers and if need be, cap screws and lockwashers.

Specifications:

The followings are the normal specifications of our **30s Redi-Lock Bush Hammer Head**:

| Type | Grains No. | Material | Application | Usage |
|----------------|-------------|------------------------|---------------------------------------|---------------------------------|
| Abrasive Block | 30S/45S/60S | Diamond + Metal Powder | Granite, Sandstone, Marble, Limestone | Bush Hammer Roller for Grinding |

The above specifications are for reference, other specifications can be ordered by customers.

Product Details:

30s Redi-Lock Bush Hammer Head is designed to pulverize the surface of concrete making it fast and easy to get to full aggregate exposure. It is also great for coating removal.

Application: Concrete, Stone

Grains No.:30 Grains

Redi Lock Bush Hammer

Application:

1. **30s Redi-Lock Bush Hammer Head** for stone surface fabricating, making bush hammered effect for stone products.
2. To remove old glue and resin coatings, particularly thick resins.
3. Use as a scarifying machine with the advantage that it is aggressive, but gentle enough not to “dig” uncontrollably into the floor surface.
4. For floor preparation before laying new coatings.
5. To expose the aggregate in concrete floors to prepare for concrete polishing.
6. Creates slip-resistant finish on granite and marble, breaks down coatings standard diamonds can't touch, prepares surface for application of thin-set overlay.
7. The repeated hit of these carbide tips into stone or concrete surface creates a rough, pockmarked texture that looks like naturally weathered rock.

Applications Machine:

30s Redi-Lock Bush Hammer Head for Husqvarna PG series floor grinding & polishing machines:

PG820RC, PG820, PG680RC, PG680, PG530, PG450, PG400, PG280.

Bush Hammer is used sophisticated welding technology and selecting high quality aluminum alloy to casting, bush hammerer's grit can be changed through the adjustment of spring elasticity on bush hammer, manual grinding machine press. Both enlarging spring's interval to reduce spring elasticity and reducing machine's press can enhance bush hammer vibration to make bush hammered face rough. Widely used on granite, marble sandstone to make rough surface.

Installation effect:

Packing □ Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door□)
- 4.When tools are in large quantities, they are packing in wooden cases

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3. Does your company accept custom-made?
