

## Product Description:

### BOREWAY CNC Diamond Router Bits For Stone Bits Profiling

1. Diamond router bits are been made for profiling the edge of the stone, concrete or other architectural materials. Diamond router bits could finish the process from rough cutting, smooth profiling and final polishing;
  2. Use this segmented wheel to create the shape beforehand and save the life on your other expensive profile bits, aggressive diamond segments save your time and money! Increases your profiling speed and gets maximum performance and longevity out of your cutters. Continuous router bits make the surface of the edge more smooth, prepare for subsequent polishing treatment, resin router bit used after continuous router bit, make the surface of the edge more brighter;
  3. This kind router bit comes with a guide bearing, assures the proper depth of grinding is achieved, make the work more convenient and quick.
- For example: E30 = E Shape with 30mm thickness, B20 = B Shape with 20mm thickness.

### Features:

1. The unique design with good sharpness allows easy dust removal, low noise and safety.
2. This product provides high accuracy and smooth surface in stone processing.
3. Lifespan could normally reach more than 450 meters.
4. With feature of high efficiency accuracy in shape and size.
5. Other specification are available upon client's request.

All of our products have been strictly tested before access to market.

Other specifications can be customized according to requirements.

## Specification:

### Specification of diamond router bits:

| Model  | Shape  | Thickness                        | Diameter | Connection | Applicable Materials                                      |
|--------|--|----------------------------------|----------|------------|---|
| BW-DRB | A B C D E<br>F G H I L<br>M N O P Q<br>R S T U V | 20 mm<br>30 mm<br>40 mm<br>50 mm | 50 mm    | CNC        | Granite<br>Marble<br>Quartz<br>Artificial stone<br>Others |
|        |  |                                  | 60 mm    | M8         |   |
|        |  |                                  | 70 mm    | M10        |   |
|        |  |                                  | 80 mm    | M12        |   |
|        |  |                                  | 90 mm    | M14        |   |
|        |  |                                  | 100 mm   | 1/2-G      |   |
|        |  |                                  | 125 mm   |            |   |

**Other specification can be customized according to need.**

## boreway® Multi size diamond router bits

**Notice:**

1. Before purchase, please provide the model of the machine.
2. Please provide the material before purchase.
3. Other specifications can be customized according to requirements.

**Packing & Delivery:**

1. Tools packing in carton cases;
2. Large machines packing in wooden cases;
3. When tools are in large quantities, they are packing in wooden cases.

#### Contact Us:

**Fujian Nan'an Boreway Machinery Co., Ltd.**

**Address:** Huahui Center 605, Shuitou Town, Quanzhou, Fujian, China.
