

Introduction:

The BW-M1 three head of dry and wet polishing machine is designed for grinding and polishing larger surface of stone, concrete and other building materials. Apply with 3 pieces of 80mm/100mm polishing pads or one piece of 200mm polishing pad. Wet using and dry using are both available. Convenient, high efficiency and safe.

Features:

1. Wet using and dry using are both available..
2. The speed can be adjusted according to your demands.
3. Electric and pneumatic motor are both available.
4. With appropriate weight and good shape design, convenient to operate.
5. Portable, high efficiency, larger polishing area, suitable for stair refurbishment, etc.

Specifications:

The followings are the normal specifications of our three head of dry and wet polishing machine:

Parameters	Numerical
Type	BW-M1
Size of polishing pads	3" / 4" / 8"
Dimension	300mm * 230mm * 220mm
Rated input power	1000W
Rated voltage	110V / 220V
Rated frequency	50/60Hz
Rated Speed	0-1500 R/Min
Optimum air pressure	12 Kg/cm ²
Rated speed	1000RPM
Motor	Electric or pneumatic
Weight	12 Kg

The above specifications are for reference, other or special specifications can be ordered by customers.

Note

1. Please inject lubricating oil 3-4 drops before and after using .

2. Please inject lubricating oil 3-4 drops every 3-4 hours during continuous working.
