

China Diamond Frankfurt Stone Granite Marble Bush Hammer Roller Disk For Grinding Floor Litchi Finish

Description:

China Diamond Frankfurt Stone Bush Hammer Roller have been around a long time and have proven the easiest way to texturize stone, concrete & asphalt.

China Diamond Frankfurt Stone Bush Hammer Roller can be used with floor machines or powerful grinders for the bush hammering of concrete floors and surfaces.

Use and maintenance of a **China Diamond Frankfurt Stone Bush Hammer Roller**:

1. Operating Speed: 700-800 RPM.
2. Wet use strongly recommended and the more water the better.
3. Do not apply too much pressure on the bush hammer. This will prevent the roller from stopping and thus decrease the life span of the tungsten steel.
4. After each use, please clean up rollers, dry and apply oil to the spindles. It will be ideal to submerge the rollers in oil to prevent spindle rust.
5. Roller tips can be re-dressed with diamond blades when they become inefficient.

Feature:

1. The grit of bush hammer face can be adjusted.
2. Works with high efficiency, 5-6 times faster than that of manual processing.
3. Mainly designed for texturing and roughening of smooth stone surfaces and is especially important for performing operations to create anti-slip surfaces on stone and concrete floors and steps, etc.

Specification:

The followings are the normal specifications of our **China Diamond Frankfurt Stone Bush Hammer Roller**:

Model Number	BW-BHR-F45S
Type	Abrasive Block
Use Type	Wet and Dry Use
Machine	Frankfurt Machine
Material	Tungsten Carbide And Metal
Segment Number	45S/60S/99S
Segment Diameter	4.7mm/6.0mm/8.0mm

The above specification just a reference for clients. Other specifications can be ordered by customers.

What can Bush Hammers do?

1. Surface Prep for coatings
2. Quickly expose large aggregate
3. Remove hard coatings and overlays

Application:

China Diamond Frankfurt Stone Bush Hammer Roller can be used with floor machines or powerful grinders for the bush hammering of concrete floors and surfaces.

Adjustment of grit for bush-hammered surface: The Roughness of the bush hammered surface can be adjusted with our bush hammer through adjustment of spring elasticity on the bush hammer or through the pressure of the manual grinding machine. Loosening spring elasticity or lessening pressure with increased roughness of hammering will result and tightening the springs or increasing machine pressure will reduce roughness to give the bush-hammered surface a finer look.

About Us:

Packing □ Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door□)
- 4.When tools are in large quantities, they are packing in wooden cases

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo

and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

1. Please provide the material before purchase.
2. Before purchase, please provide the model of the machine.
3. Other specifications can be customized according to requirements.
