

Product description:

D8*100L*10B ceramic drill bit wet use diamond drilling tools are usually installed in the desktop drilling machine, mainly for drilling ceramic tile and other stone, using high-quality diamonds and high-speed steel pressing and sintering, can withstand high speed drilling.

Features:

1. Applicable to a variety of desktop drilling machine.
2. Using high-quality diamonds and high-speed steel pressing and sintering, can withstand high speed drilling.
3. The diamond protrusion uniform, sharp, high drilling efficiency.

Advantage:

Our products export to Brazil, India, Australia, USA, Ukraine, Italy, Poland, Russia, more than 20 different countries. In these overseas markets, our products enjoy a good reputation, we get good feedbacks after their corresponding test result, so, we are confident in our products quality.

All of our products have been strictly tested before access to market.

Other specifications can be customized according to requirements.

Speification:

Specification of Diameter 8 mm ceramic drill bit wet use diamond drilling tools for tile:

Name	Diameter	Length	Connection	Application
Diamond core drill bits	8 mm	100 mm	10B	Ceramic

Other specification can be customized according to need.
