

Introduction:

Diamond coated concrete floor cutting blade with lazer welded is used by automatic cutting machine and bridge cutting machine for cutting

concrete floor and other materials.

Features:

1. Sintered teeth offer sharp cutting;
2. Lazer welded segment is high efficiency .

Specifications:

Diamond coated concrete floor cutting blade with lazer welded

Code No.	Diameter (mm/Inch)	Arbors (mm)	Segment Height (mm)	Segment No.	Steel Blank Type	Welding Method
BW-SBG-001	350mm(14")	25.4/32	10/12/15	24	Normal & Silent	Laser Welded
BW-SBG-002	400mm(16")	25.4/32	10/12/15	28		
BW-SBG-003	450mm(18")	25.4/32	10/12/15	32		
BW-SBG-004	500mm(20")	25.4/32	1012/15	36		
BW-SBG-005	550mm(22")	25.4/32	10/12/15	38		
BW-SBG-006	600mm(24")	25.4/32	10/12/15	42		

Other specification can be ordered by customers
