

Feature:

1. Boreway professional production diamond saw blade segment for marble block, boreway is a professional saw blade Segment supplier.
2. [Diamond Segment Cutting Supplier China](#) for cutting marble, long cutting life, hardness & sharp, use high grade diamond.
3. Good sharpness and long life. Manufacturer with competitive price. Stable performance & high efficiency.
4. Used diamond segment supplier china, mature technology and quality proved by both domestic market and foreign market.

Product Description

1. All Sizes are Available Upon Request.
2. Feature: Fast cutting & long life & No Chipping
3. Stable Quality – More than 10 years' experience.
4. Innovation: Design Unique Segment Formula for Different Stones

[China Diamond Segment Manufacturer For Cutting Marble](#), best diamond tools use high-grade diamond, metal powder, make different formula for cutting different stone.

The diamond segments with various dimensions and shapes. The segment in this page is used for 1200mm diameter single/multi blades and cutting granite. Stone Cutting Segment for Marble. We have different types of segments for cutting different hardness granite.

Product Specification:

The following are normal specifications **diamond saw blade segment for marble block**:

Blade Diameter	Segment Size			Blade Thickness
	L	W	H	
1200mm, 48inch	24MM	7.5MM	10MM	0.5MM

We are manufacturer for diamond segment, size and type we can make as your demands.

1200mm Fast Speed Diamond Saw Blade Segment For Marble Block

DIAMOND BLADE SEGMENT

Fast Cutting

Long Life

Customizable Size

Size Segment:

Length: 24mm

Width: 10mm

Height: 7.5mm

Control Quality

High Quality Diamond
& Metal Powder Material

Normal Shape

High effective, environmental friendly, easy operation, long lifespan and no edge broken.

Application:

Diamond Blade Segments for bridge cutting machine and single arm machine.

Diamond saw blade segment for marble block, sandstone, various other stone.

FAQ

1. What is the delivery way?

Express Courier Service, Sea Cargo and so on. We give the advice according to actual situation for customers make decision.

2.What could we do if we find your diamond segment are not in good performance?

Please tell us the detailed information of the cutting, for example:

1). Do you feed enough cooling water.

2). The RPM of the machine, the cutting object.

3). The detail picture of diamond segment after use, e.g. the cutting side of diamond segment.

3.If we want to buy diamond segment, how could we know the quality?

You can buy diamond segment with a small quantity first, test the quality and our service, it will be much better for our long term cooperation. For small quantity, you don't need to take risk in case the quality doesn't fit your market.

Courier Express
door to door service

By Air
to destination airport

By Sea
to destination sea port
