

Product Description:

Brief introduction:

High quality raw materials to ensure good quality.

Diamond hand pads with high quality diamond powder, plastic foam and adhesive to ensure high quality products. With long lifespan and good wear resistance characteristics.

Bonding firm, not easy to fall off.

The use of strong adhesive to ensure that the grinding and plastic foam adhesive close, in the course of use will not fall off.

Fast and efficient, glazing fase, high brightness.

Diamond hand pads have high polishing speed and brightness, in the grinding and polishing , the handpads do not pollure the materials, they habe high efficiency, heat resistance and compressive resistance.

All of our products have been strictly tested before access to market.

Other specifications can be customized according to requirements.

Specification:

Specification of diamond handpads:

Product name	Type	Size	Grit	Application
Resin diamond handpads	Straight Curved	90*55 mm	800# 1500# 3500# 7000#	Stone, ceramic, concrete wood, metal, others
