

Introduction:

Vacuum brazed diamond core drill bits are suitable for stand drilling machine, electrical hand-held drillers or CNC machines for dry drilling granite and other construction materials. The vacuum brazed processing method proves the advantages as low cost, high efficiency and long lifespan. Wet or dry use, and it is specially designed for dry use.

Features:

1. Fast and easy drilling
2. Long lifespan and less chis
3. Good performance and cooling fast.

Specifications:
