

Product Description

- 1.40x4.2x15mm **Fast cutting edge cutting segment** with high working performance, it will let the blade not chip or break slabs while cutting.
- 2.The Fan shape stone cutting segment wholesales achieve ideal debris removal and better cooling, improves the sharpness and cutting efficiency.
- 3.This design reduces blade stone interface while cutting that will minimize cutting friction and noise. Compared with the similar products in the international market, it has the same technical level and high ratio performance.

Feature:

1. **Diamond Segment For Cutting Andesite**,good cutting result and fast cutting.
2. This type of blade can effectively reduce noise and protect the environment.
3. This products can be widely used on various power machines and environment

Product Specification:

The Following Are Normal Specifications **Fast Cutting Edge Cutting Segment** :

Blade Diameter	Segment Size (LxWxH)	Welding Process	Segment Process
12INCH, 500mm	40X4.2x15mm	High Frequency Welding	Cold Pressing, Hot Pressing Sintering

The above specifications is only for reference, other specifications may be available as per customer's demand.

Other Specifications Of Saw Blade Head For Cutting Andesite:

Blade Diameter	Segment Size (LxWxH)	Application
400mm	40x3.5x15mm	Andesite
400mm	40x3.6x15mm	Andesite
500mm	40x4.2x15mm	Andesite
500mm	40x4.5x15mm	Andesite
600mm	40x5.0x15mm	Andesite
800mm	40X6.0x15mm	Andesite
900mm	40x7.0x15mm	Andesite
1000mm	40x7.0x15mm	Andesite
1600mm	24x9.0x15mm	Andesite

Product show

Good Sharp And Long Life Diamond Segment For Andesite Cutting Manufacturer & Supplier

Diamond Segment
For Andesite

Diamond Segment For Marble

Diamond Segment
For Granite

For 500mm Saw Blade

Wet Cutting For Andesite

Application:

Wet use for diamond 500mm saw blade, for cutting andesite.

Diamond segment cutting supplier china for cold pressing or hot pressing sintering.

Fast cutting edge cutting segment for table cutting machine and bridge cutting machine.

Andesite bit is mainly aimed at Indonesian market. We also provide bit bit bit and grinding block bit in other markets. We also sell them separately

FAQ

1. Do you offer free samples?

Normally we do not offer free samples, but we guaranty our product's quality.

2. How is your quality?

We have a very seriously control system. We guarantee the high performance of our products.

3. Is there cheap shipping cost to import to our country?

For small order, Express will be the best, And for bulk order, sea ship way is best but take longer time. For urgent orders, we suggest via air to airport or by Express send to your door.

4. How to transport the product?

We will take good protection measures for the products, protect the integrity and safety of the products, and provide other methods of transportation such as sea, land, and air to serve

you, so that the products can reach the customer's door perfectly and safely.
