

Grinding Segment Stone Granite Marble Concrete Bush Hammer Tools With 30 Head Suppliers

Descriptions:

Grinding Stone Marble Granite Concrete Head

Grinding Stone Marble Granite Concrete Head is used for sophisticated welding technology and selection of high quality aluminum alloy for casting high product quality.

Grinding Stone Marble Granite Concrete Head for use as a scarifying machine with the advantage that it is aggressive yet soft enough to not "dig" uncontrollably in the floor surface.

Features:

1. Make safety anti-slip surfaces on natural stones.
2. For floor preparation before laying new coatings.
3. Scarify any kind of surface and create antique surface.
4. Remove old glue and resin coatings, in particular thick resins.
5. Expose the aggregate in concrete floors to prepare for concrete polishing.

Product Details:

Grinding Stone Marble Granite Concrete Head for stone the roughness of the bush hammered surface can be adjusted with our bush hammer through adjustment of spring

elasticity on the bush hamme

boreway®

Specifications:

The normal size of **30 Pins Segments Litchi Surface Grinding Rollers:**

Grains No.	Inner Hole	Type	Material
30S	10MM	Block	Alloy And Steel

Specially designed tools are available for any standard application. We can customize tools as per your exact needs.

Advantage:

- 1.Uniform,real and natural processing surface.
- 2.For grinite has high grinding efficiency and long lifespan.
- 3.Much lower production costs compared with traditional processing method.

Application:

30 Pins Segments Litchi Surface Grinding Rollers to process bush hammered litchi surface on concrete granite,marble and other stone surface.

Applications Machine:

30 Pins Segments Litchi Surface Grinding Rollers can be adjusted with our bush hammer through adjustment of spring elasticity on the bush hammer, or through the pressure of the manual grinding machine.

About Us:

Packing □ Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door□

4. When tools are in large quantities, they are packed in wooden cases

Our Service:

1. Low MOQ: It can meet your trial order need well.
2. OEM Accepted: We can produce according to your sample or drawings.
3. Good Service: We treat our clients as God with high professionalism and passion.
4. Good Quality: We have strict quality control system. Good reputation in the market.
5. Fast Delivery: We have big discount from forwarder.

FAQ:

1. How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present, so many people in the world use Chinese products, because of the high quality and most competitive prices. We are a professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2. Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing.

It is very important to give us feedback, we appreciate it.

3. Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

1. Please provide the material before purchase.
2. Before purchase, please provide the model of the machine.
3. Other specifications can be customized according to requirements.
