

Product Description:

Laser Welded Diamond Core Drill Bit Diameter 20mm Dry drilling with side protection with 5-8/11 or M14 Thread, Application: Drilling hard granite marble all mature stone concrete.

This [diamond core drill bit](#) for sandstone are produced by silver welding. It can be suitable for stand drilling machines or electrical hand-held drillers or CNC machine. For stone core, does not damage the stone.

Feature:

1. Laser welded technology avoid segments off when dry working
2. Dry or Wet Drilling - use wet will greatly prolong the segment life
3. Vacuum brazed side protection offers clean cut & steel core protection (inside and outside both)
4. Supreme Grade and Special bond matrix extends drilling life and improve the working efficiency
5. Ideal for drilling the faucet mounting holes in stone countertops, plumbing lines in showers and vanities

Specification:

Diameter: 20MM, Total length: 100MM, Thread: M14 or 5-8/11"

Available diameter: 20mm, 25mm, 32mm, 35mm, 38mm, 50mm, 65mm

(Please double check it can be installed on your machine)

Customize service:

If you order 20pcs we could mark your brand name on our products
