

Introduction:

1. **Lavina S Series Carbide Bush Hammer Roller** is now widely used in granite, marble and other stone of litchi surface burnish, litchi wheel head can be replaced.
2. The Lavina bush hammer roller is designed to pulverize the surface of concrete making it fast and easy to get to full aggregate exposure. It is also great for coating removal.
3. Being more aggressive than a shot-blaster, this bush hammer roller exposes from light scaling to deep reveal of coarse aggregates.
4. **Lavina S Series Carbide Bush Hammer Roller** is essential for the removal of mortar or heavy coatings, as well as the preparation before a coating is applied.
5. The repeated of these cemented carbide tips allows to texturize the concrete and stone to ensure that the surface is prepared by creating a bonding effectiveness.

Features:

Lavina S Series Carbide Bush Hammer Roller With Base usually used in the following aspects:

1. Durable metal and diamond compound.
2. High quality ,working efficiency.
3. To expose the aggregate in concrete floors to prepare for concrete polishing.
4. Effective for grinding natural stones to get bush hammered effect, also called litchi surface.
5. To use as a scarifying machine with the advantage that it is aggressive but gentle enough not to “dig” uncontrollably into the floor surface.

Specifications:

The normal size of **Lavina S Series Carbide Bush Hammer Roller With Base:**

Series	Grains No.	Machine	Material	Model
S Series	45S	Lavina Grinders	Steel, Carbide	BW-BHR-LS45S

Specially designed tools are available for any standard application.

We can customize tools as per your exact needs.

- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

- 1.Please provide the material before purchase.

2.Before purchase, please provide the model of the machine.

3.Other specifications can be customized according to requirements.
