

Product Description

Marble cutter head is mainly aimed at the Iranian market.

Marble segment for Iran market, can work on different marble blocks material without any chipping.

Most of other Chinese suppliers cannot produce the segments which cut the marble material smoothly and will do harm to the edge of slab.

Segments Type: grooved type, K type, V type, taper type, sandwich. Boreway has the perfect formula and suitable bond for suitable marble segments. Professional design for cutting marble, [China Diamond Segments Manufacturer For Cutting Marble](#).

Feature:

1. High quality diamond powder raw material.
2. Marble segment work in low noise and small cutting slot.
3. Test in Domestic market before promoting to foreign market.
4. Single saw blade with diamond segment, use for 1200mm diamond saw blade.
5. Diamond segments Manufacturer For cutting marble, the design of segment allows ideal debris removal and better cooling.

Product Specification:

The Following Are Normal Specifications **Marble Segment For Iran Market:**

Blade Diameter	Segment Size (LxWxH)	Steel Saw Blade Thickness	Application	Country
1200MM (48 Inch)	24X8X10MM	5.5MM	Marble	Iran

The above specifications is only for reference, other specifications may be available as per customer's demand.

1600mm Diamond Single-Blade Wet Cutting Segment For Iran Market

Application:

Stone block cutting diamond Segments for Mable Block.

Diamond cutting segment for single blade,for single arm machine,bridge cutting machine.

Tower Saw Blade

Multi Saw Blade

Single Saw Blade

FAQ

1.How can we be your agent in our country?

Please inform us your detailed company, we will discuss and propose helpful suggestion for you, and to find the best solution for you.

2. If we need technical support, can you offer us?

Yes, we have an experienced team, offering our customers additional benefits with specific advice, by our product management staff, engineers and technicians.

3.Can your products use different objects and materials?

It is best to communicate with our staff before using, because different products use different proportions of ingredients and use different effects.
