

Product Description

Premium Mesh Turbo Porcelain Wet Blade Manufacturer are suitable for hand-held equipment such as manual, pneumatic cutting machines, angle grinders, etc., professional dry and wet cutting of various ceramic tiles, glazed tiles, whole body tiles, ceramics, marble, microcrystalline stone and other building materials.

Because the size of the saw blade is small and medium, it is easy to use, stable in cutting without deformation, and flexible in usage. Mesh turbo porcelain wet blade is one of the commonly used diamond cutting series.

Feature:

1. Dry or wet cutting.
2. Turbo-mesh style rim is formulated with high-grade diamond and a unique bond matrix for fast clean cuts.
3. New Design of Mesh turbo rim segment, the mesh turbo help to cooling and bring the dust out, so more efficient, fast and stable in cutting.
4. Designed to be used on porcelain, ceramic and stone tiles.
5. Can be used with angle grinders and small circular saws.

Product Specification:

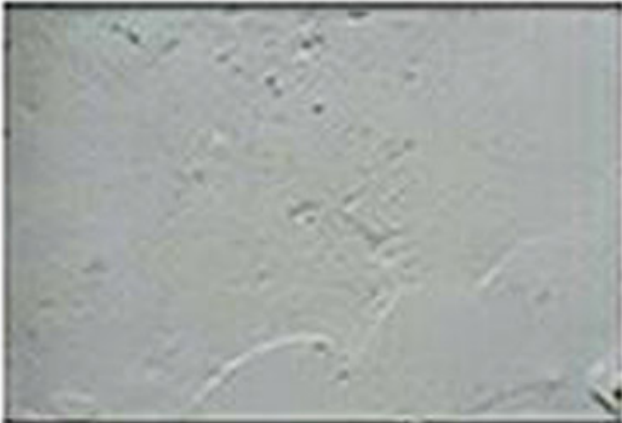

The followings are the normal specifications of our **Mesh Turbo Porcelain Wet Blade Wholesales**:

Diameter	Inner Hole (mm)	Segment Height(mm)	Thickness (mm)	Segment Shape
125MM	22.23	10	1.4	Mesh Turbo Segment

More normal specification of mesh turbo porcelain wet blade:

Diameter		Bore(mm)	Segment Thickness (mm)	Segment Height (mm)
Inch	mm			
5	105	20	1.4	10
4.5	115	22.23	1.4	10
5	125	22.23	1.4	10
9	230	22.23	2.0	10

The above specifications are for reference, other specifications can be ordered by customers.

Concrete

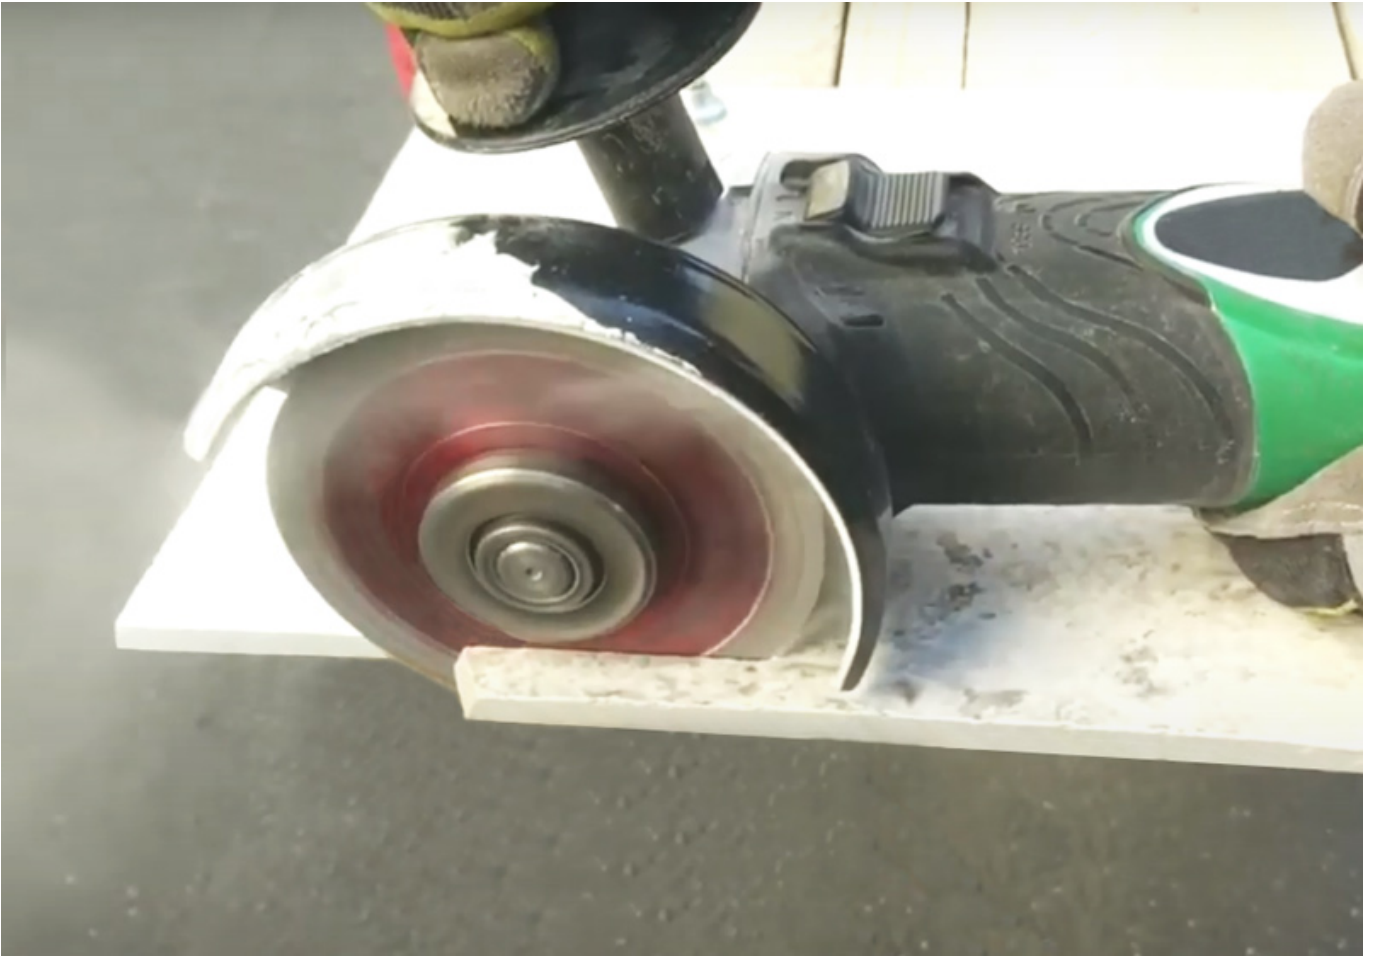

Red brick

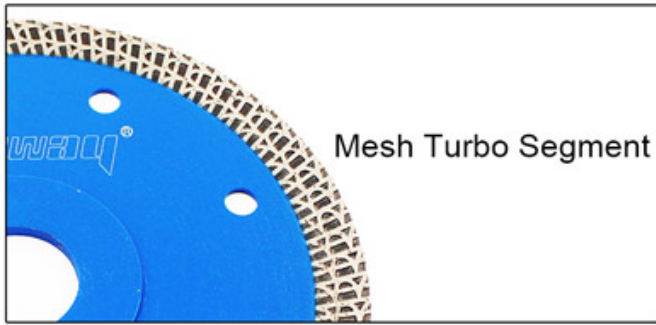

Ceramic tile

Marble

Application:

Continuous Rim Diamond Cutting Blade For Supplies use for manual, pneumatic cutting machine, angle grinder.

Mesh turbo porcelain wet blade for all kinds of ceramic tiles, glazed tiles, whole body tiles, ceramics, marble,

microcrystalline stone and other building materials.

Use For cutting porcelain tile, ceramic tiles, stone press or construction.

Kindly Noted, when place order please inform the following:

- 1.Blade Width (2.8-9.5mm)
- 2.Length Of Diamond Segment (40/24mm)
- 3.Segment Height (8/10/12/13/15/20/30mm)
- 4.Saw Blade Use (Dry Cutting/Wet Cutting/Grinding)

5.What Are The Diameters Of Saw Blades (105-250mm and 250-3500mm)

6.Production Process (Sinter, Welding, Electroplating, Brazing, Inserting)

7.Saw Blade Inner Hole (16/20, 22.23, 25.4, 50, 50/60, 60/80, 90/100, 100/120mm)

8.Cutting Machine (Manual, Pneumatic Cutting Machine, Angle Grinder, Bridge Cutting Machine, Manual Cutting Machine, Desktop Cutting Machine, Infrared Cutting Machine, Marble Machine, Road Carving Machine)

9.Cutting Objects (Granite, Marble, Quartz Stone, Glass, Jade, Terrazzo, Concrete, Ceramics, Ceramic Tiles, Artificial Stone, Sandstone, Limestone, Microcrystalline Stone, Basalt And Other Materials)

FAQ

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing.

It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Logistics:

Sample order ship by DHL, UPS, FedEx, TNT, EMS etc

For mass order delivery, can be optional with terms of Exwork, FOB, CNF, CIF by air or by sea based on the buyer's forwarder or ours
