

Introduction

Muti-function floor grinding machine is be used for floor grinding, coarse concrete floor burnishing, old epoxy floor renovation, sealed curing floor polishing, marble ground maintenance.

Fe Feature:

1. It makes low noisy to use precise helical tooth synchronizing wheel, and the machine runs smoothly;
2. With ultra low center of gravity, the machine is more stable, and work strongly;
3. With wonderful side working function;
4. With Siemens Motor, the machine's dynamic is durable for a long time;

It is easy to change the standard grinding head or abrasive disc

Specification:

The normal specification of multi-funciton floor grinding machine:

Model	Power output	voltage	Working width	Disc rotate speed	Disc diameter	Disc quantity	Water Tank volume
Unit	KW	V	MM	RPM	MM	T	L
12T-490H	7.5	380	490	0~1800	260	12	68
12T-490L	7.5	380	490	0~1500	260	12	68

The above are normal specification for reference. Other specification can be ordered by customers.
