

the description:

One Round Segment And 3x1/2 PCD Diamond Grinding Shoe For Concrete Surface

Trapezoid tools with 3x1/2PCD is an unparalleled tool for epoxy and coating removal; Featuring 3-PCD segments that effectively and efficiently removes coatings.

PCD tools with Sacrificial bars or Metal Bond Button are designed to remove coating over a surface equal to a troweled surface and will not damage the concrete. The sacrificial bars or the metal button act as a stabilizer and depth guide, and reduce the gauging of the floor caused by the aggressive pcd segments. These tools are suitable for removal of:
