PCD double broken grain cutter grinding and polishing sheet

PCD grinding polishing pad Designed for floor grinders, it is used to remove concrete, terrazzo and stone floors from epoxy, glue, paint and other uneven coatings, showing a smooth and brand new floor.

The double-layer pcd section is ideal for removing thick coatings and is extremely aggressive, leaving deep to moderate scratches.

These coarse grinding powders are used for various preparations, and The thickest grinding wheel head can be used for the removal of light coatings.
