Introduction:

Our portable Multi function stone cutting machine, widely used in construction, decoration and other industries, especially for construction, stone processing, building materials, construction site, for the stone, marble, bricks, brick path, Blind to provide professional cutting brick, construction automatically with water green jobs, the nose can rotate 45 degrees, chamfer cutting, can be installed on both sides of the auxiliary platform needed around the machine, greatly widening the cutting width, cutting machine is equipped with a strong professional cutting machine, can quickly locate the cut various size stone tiles, perfect cut0 ° to 45 ° hypotenuse.

Features:

1.Can be used according to customer demand116mm blade

2.Head up and down to adjust the height

3.The maximum length straight cut1200mm

4. Power 1240W, speed 12000r / min

5. The collapsible cage, small footprint

6. Edge ruler with a scale, cutting more accurate

specification:

The following are general specifications of BWM-QX1200 Multi function stone cutting machine:

model	BWM-QX1200
Saw the largest diameter	116mm
Maximum cutting length	1200mm
Maximum cutting depth 90 ° / 45 °	25mm / 15mm
voltage	220V
Rotating speed	12000r / min
The average amount of shock	<.5m / s2
volume	73dB-87dB
power	1240W

Other special specifications can be customized according to requirements.
