

## Feature:

1. The grinding wheel can be installed with domestic and foreign bearings.
2. **Rotary Bush Hammer Double Layer Plate**, the 40mm interface is fast connected with the machine, which is convenient and simple.
3. **Bush Hammer Plate Tool For Sale**, is a spring in the middle of the grinding plate to buffer the pressure and reduce the vibration.
4. Each bush hammer plate tool for manufacturer and grinding wheel can support customization and the layout and quantity of cutter heads.
5. 3 Rollers 6 inch bush hammer plates can be used with manual grinding machine for bush hammering stone slabs.

## Product Description

150mm Double Layer Rotary Bush Hammer Plate, easy and convenient installation. With three 45teeth high-quality cemented carbide cutter heads, the cutter head has high sharpness and high grinding efficiency.

The inside diameter of the connection port is 40mm. The interface is 40mm. The inner diameters of common connectors for quick interfaces are 42mm, 45mm, 47mm, 50mm, etc

The spring design of double-layer grinding plate greatly relieves the machine pressure on the grinding plate and grinding wheel. [Bush Hammer Tool Litchi Surface Supplies](#).

The flange hole is designed so that the grinding disc will not deviate when in use, making the grinding disc more stable.

## Product Specification:

The followings are the normal specifications of our 6 inch **Rotary Bush Hammer Double Layer Plate**:

Diameter	Segment No.	Roller No.	Connection
150mm	45 Teeth	3 Pin	40mm

## Product Show

### China 150mm Rotary Bush Hammer Double Layer Plate For Manufacturer

The inner diameters of common connectors for quick interfaces are 42mm, 45mm, 47mm, 50mm, etc.

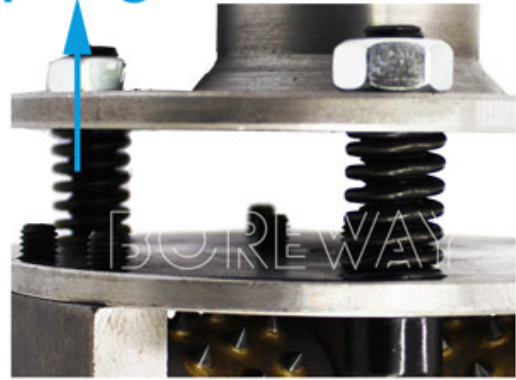

For cushioning & shock absorption

Spring

Used to put lubricating oil

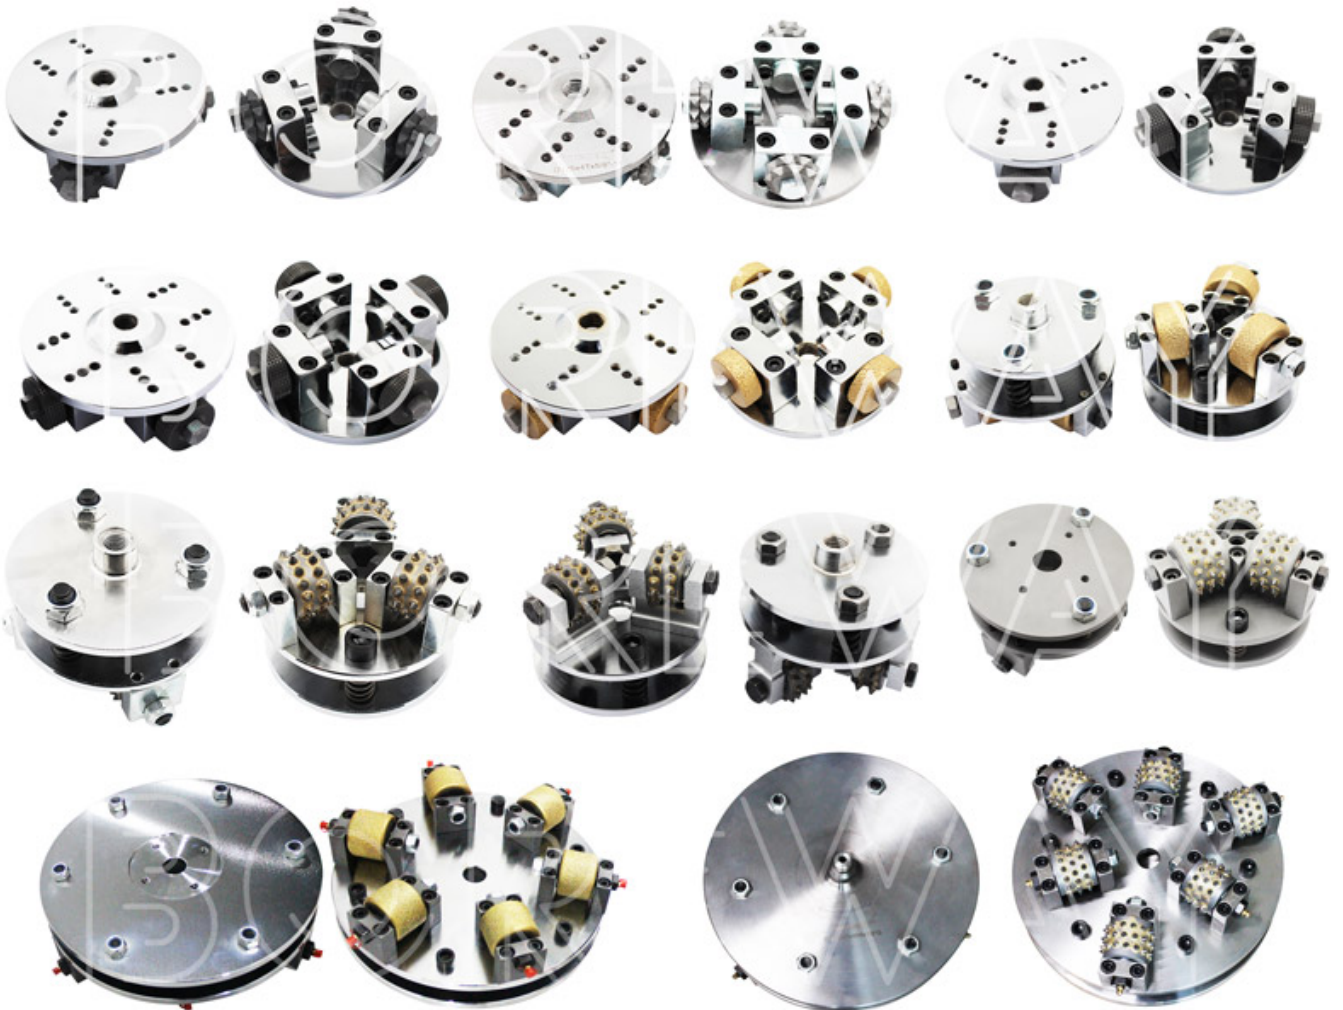

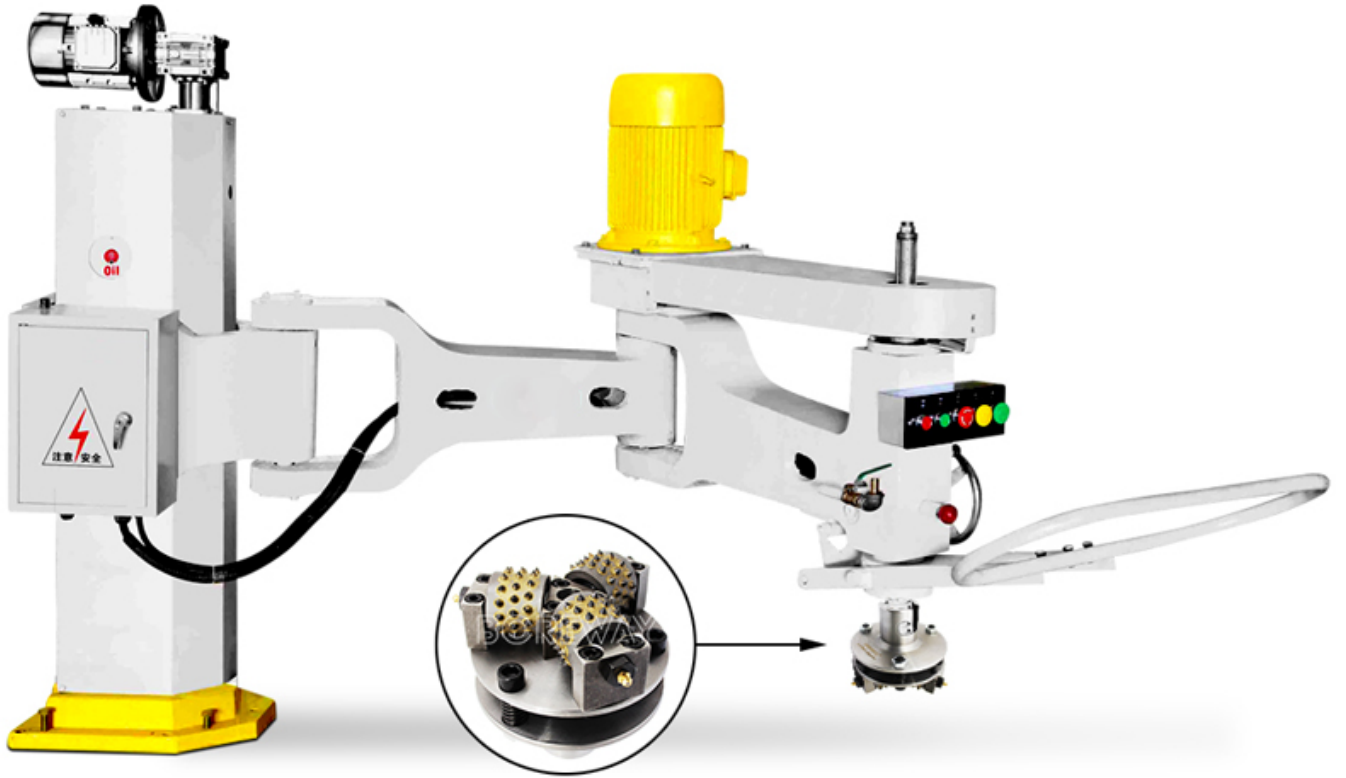

Grease Nipple

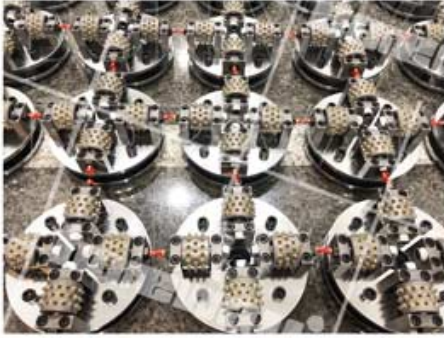

### Application:

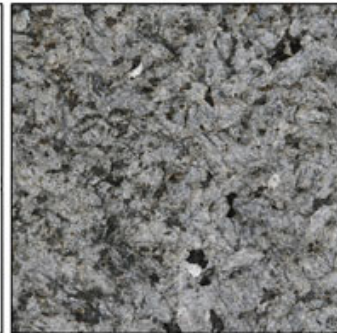

Double layer bush hammer plate for Hand-held Grinding Machine.

**Rotary bush hammer double layer plate** for granite, marble and other stone.

Marble

Granite

Quartz

Sandstone

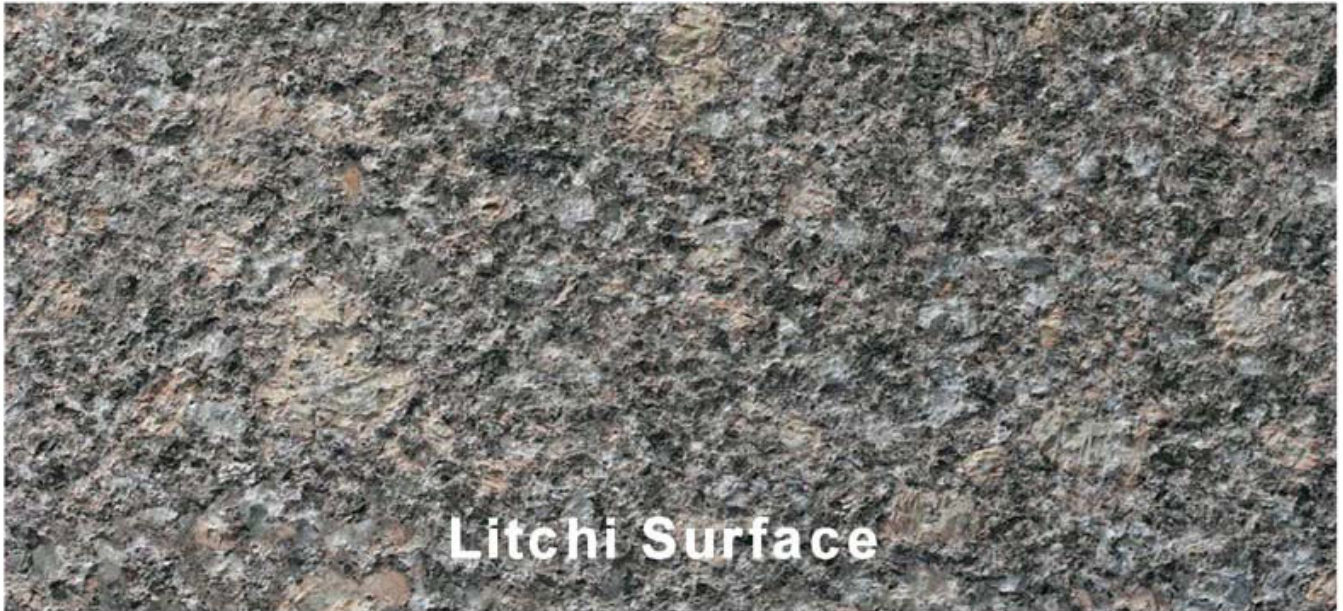

Limestone

Concrete Floor

Asphalt Pavement

## FAQ

### **1.Can you accept OEM orders?**

Yes, with professional design team, OEM orders are highly welcome.

### **2.Are you factory or trade company?**

We are factory. And we have ourselves trading company.

### **3. What can Bush Hammers do?**

- Prepare the floor before laying a new coating.
- Make a safe non-slip surface on natural stones.
- Eliminate any surface and create an antique surface.
- Remove old glue and resin coatings, especially thick resins.
- Expose the aggregate to the concrete floor to prepare for concrete polishing.
