#### **FAQ:**

##### **1. If we want to order your product, how do we know your quality?**

You can test with a small order, and then you will know the quality. Nowadays, many people in the world use

Chinese products because of their high quality and high cost performance. We are a professional diamond tool manufacturer with more than 8 years of manufacturing experience.

##### **2. Can you provide samples for free?**

We do not provide free samples. Based on years of experience, we believe that customers will want them

because of their reliable quality. By purchasing samples, we will cherish and appreciate them and make them

get more. We are ready to offer our potential customers a special discount on samples. It's very important that

you give us feedback, and we will appreciate it.

### 3. Does your company accept customization?

Of course, we accept customization. Including different colors, cutting objects, etc. We can also tag your own label and company brand. If you want us to make any new products for you, just send your products to us. Whether it's drawings or samples, we have the ability to produce the same products. We will not sell these products to others, only customers can get permission.
