# Single Blade

**Cutting Effect:**

### **Advantages:**

1. Ideal edge trimming quality best .
2. Excellent comprehensive cutting performance.
3. High cutting efficiency, meanwhile, it has a long lifespan.

### **Related Products:**

**About us:**

**We have a strict quality control system**□

## Packing & Delivery:

### Packing:

Packing in carton cases:

**Delivery:**

Less than 45kg, generally delivery by express(Door to Door).

By Air or by Sea for batch goods, Airport/ Port receiving

By air

By sea

#### Our service:

1. Low order quantity: It can meet the test order you need.
2. Fast delivery: We get great discounts from freight forwarders.
3. OEM Acceptable: We can produce according to your samples or drawings.
4. Good quality: We have a strict quality control system. Has a good reputation in the market.
5. Good service: We regard our customers as God with a high degree of professionalism and enthusiasm.

#### FAQ:

##### **1.If we want to buy diamond segment, how could we know the quality?**

Please buy diamond segment with a small quantity first, test the quality and our service, it will be much better for our long term cooperation. For small quantity, you don't need to take risk in case the quality doesn't fit your market.

## 2.What could we do if we find your diamond segment are not in good performance?

Please tell us the detailed information of the cutting, for example:

1. The RPM of the machine, the cutting object.
2. The detail picture of diamond segment after use, e.g. the cutting side of diamond segment.
3. Do you feed enough cooling water.

## 3.What is the delivery way?

Express Courier Service, Sea Cargo and so on. We give the advice according to actual situation for customers make decision.

### Please note:

Please use high frequency silver welded machine instead of fire to make the brazing, the welding time is only a few seconds, otherwise the diamond inside the segments will probably be damaged by the high temperature, then the cutting performance will be reduced!
