

**Description:**

**60mm Diamond Hole Cutter Bit With Turbo Wave Segment For Hard Granite** are produced by silver or laser welding.

It can be suitable for stand drilling machines or electrical hand-held drillers or CNC machine.

For drilling kinds of granite or hard stone.

Silver welded is better for wet use and laser welded is better for dry use.

**Features:**

- 1.Designed for drilling holes
- 2.Good stable and long lifespan.
- 3.Can be dry or wet use.

**Specifications:**

The following is the normal size of **60mm Diamond Hole Cutter Bit With Turbo Wave Segment For Hard Granite :**

| Code No. | Diameter | Segment Size | Use | Pipe Length | Welding Method | Adaptor |
|----------|----------|--------------|-----|-------------|----------------|---------|
|          |          |              |     |             |                |         |

|            |                |            |                  |               |                                       |                           |
