

Product Description

Vacuum Brazed Bush Hammer Roller for Sandblasted Surface, it is one of our advantaged products. We is [Vacuum Brazed Bush Hammer Roller Manufacturer](#) can customize various superme quality bush hammer tools to meet your special working demands.

Including: HTC bush hammer palte, Klindex bush hammer plate, Husqvarna bush hammer roller, frankfurt bush hammer roller, medium comma finishing bush hammer rollers,etc. More and more stone factories is buying bush hammer tools from BOREWAY now.

Vacuum Brazed Bush Hammer Roller for Sandblasted Surface are mainly designed for texturing and roughening of smooth travertine surfaces and is especially important for performing operations to create anti-slip surfaces on stone floors and steps, etc. It's scrollable and highly efficient, for example, a roller of 200mm diameter can fabricating more than 150 square meters stone surface per day.

Vacuum Brazed Bush Hammer Roller for Sandblasted Surface is used on automatic grinding machine to make Lichi surface on stones. Characterized by high grinding efficiency and superior lifespan.

This vacuum brazed bush hammer roller can be assembled on different types of bush hammer plates. The high quality of the diamonds and other components(like bearing, grease, etc.) ensures its high performance.

Vacuum Brazed Bush Hammer

Type: Abrasive Block
Name: Vacuum Brazed Bush Hammer

Frankfurt Bush Hammer Roller

1. Easily Replaceable Cutters.
2. Make removal of coatings from concrete and asphalt easy.
3. Texture or profile surfaces to speed up initial cut on exposed concrete polished floors.

U Sharp Grinding Block

Double Layer Plate

Single Layer Plates

1. Create non-slip surfaces on concrete and pavers
2. Remove traffic lines from bitumen and concrete and other surfaces with ease and speed without excessive damage to the surface

Specifications:

The followings are the normal specifications:

Model Number:	BW-BHR-VB02
Use Type:	Wet And Dry Use
Material:	Carbide And Steel
Technology:	Vacuum Brazed
Machine:	Automatic Grinding Machine
Application:	Marble,Granite,Concrete
Lock:	Horseshoe Type, Conventional Type, U Type, Lavina Etc.

The above specifications are for reference, other specifications can be ordered by customers. ([Alloy Carbide Bush Hammer Rollers Manufacturer](#))

Advantages

1. Easily Replaceable Cutters
2. Create non-slip surfaces on concrete and pavers
3. Make removal of coatings from concrete and asphalt easy
4. Texture or profile surfaces to speed up initial cut on exposed concrete polished floors
5. Remove traffic lines from bitumen and concrete and other surfaces with ease and speed without excessive damage to the surface

Feature:

- 1.To create anti-slip surfaces.
2. For floor preparation before laying new coatings.
3. To remove old glue and resin coatings, in particular thick resins.
4. To expose the aggregate in concrete floors to prepare for concrete polishing.
5. To use as a scarifying machine with the advantage that it is aggressive but gentle enough not to "dig" uncontrollably into the floor surface.

Application:

Vacuum Brazed Bush Hammer Tool Litchi Surface is grit can be changed through the adjustment of spring elasticity on bush hammer, manual grinding machine press.

Packing □ Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door□
- 4.When tools are in large quantities, they are packing in wooden cases

AIR

EXPRESS

SEA

Logistics:

Sample order ship by DHL, UPS, FedEx, TNT, EMS etc

For mass order delivery, can be optional with terms of Exwork, FOB, CNF, CIF by air or by sea based on the buyer's forwarder or ours

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.

Kindly Notice:

1. Please provide the material before purchase.
2. Before purchase, please provide the model of the machine.
3. Other specifications can be customized according to requirements.
