Werkmaster Diamond Disc Grinding Diamond Grinding Shoe z Segment Pad For Terrazzo Concrete Floor

Werkmaster Diamond Metal Bond Grinding Pad are the best solution for large areas of thin coating removal, leveling and smoothing high spots in concrete, and work very well for concrete cleaning. Their segments are designed for aggressive grinding of concrete to make short work of your larger projects.

- 1) Durable metal compound
- 2) Effective in the process of grinding and polishing concrete floor
- 3) Different granularities and sizes as requested
- 4) Competitive price and superior quality

Specifications:

Following are the general specifications **Werkmaster Diamond Metal Bond Grinding Pad :**

Name:	Werkmaster Diamond Metal Bond Grinding Pad
Segment No.:	1T
Shape:	Werkmaster
Segment Size:	10mm,12mm
Segment Type:	Z Shape Segment
Supplier:	Factory/Manufacturer
Material:	Diamond Segments + Werkmaster Metal Blank
Usage:	For Concrete and Terrazzo Floor Grinding

Specifically designed tools are available for any standard application. We can do it Tailor your

equipment to your specific needs.

Advantage:

- 1) Made as your need
- 2) Segment No. one segment
- 3) Bond: soft, medium and hard bond
- 4) Segment Thickness: 12mm, 10mm Grit
- 5) Application: Suitable for grinding and polishing Terrazzo, marble, granite, concrete's surface

Werkmaster Diamond Metal Bond Grinding Pad can be designed into a variety of different shapes of single segment or double segments, also can be customized according to the customer's special shape and specific numbers of segments

Tips: Diamond Bond Choice

Soft Bond - For hard concrete, between 4000 and 5500 psi. The bond must be softened to expose the diamond crystals to grind the hard surface. Hardened concrete consists of hardened granite, quartz, river stone, flint.

Medium bonds - for medium concrete, between 2500 and 4000 psi - are the suggested, most popular and most common bonds used in most cases. For use on common pit gravel and / or medium river stones, traprock, crushed gravel floors. Soft and hard bonds are usually reserved for extreme (unusual) cases.

Hard Bond - For soft concrete, typically below 2500 psi. Bonds have rigid metals in their matrix that withstand friction, so diamond crystals are not kicked-out before the surface has a chance to work. Soft concrete consists of limestone, sandstone, dolomite, soft shell.

We also offer super soft bonds at 5500 psi for additional hard concrete. And super hard bonds for extra soft concrete.

Application:

Applications: **Werkmaster Diamond Metal Bond Grinding Pad** suitable for various concrete floors. suitable for general (concrete, stone) grinding use while mostly they are used for paint, glue, epoxy removal and floor coating, high quality and high efficiency, long lifespan.

Coarse grit: Could be used for un-even concrete floors , rough grinding preparation on floor or old floor renovation.

Werkmaster Diamond Metal Bond Grinding Pad could be used for all kinds of concrete and terrazzo floors , grinding preparation on floor or old floor renovation.

Grit: 6#, 16/18#, 20/25#, 30/40#, 50/60#, 70/80#, 80/100#, 120/150#, 200/220#, 325/400#

Two Types of Werkmaster Two Pins Redi Lock Blanks

Two Types of Werkmaster Two Pins Redi Lock Blank, Perfect Fit in Werkmaster Concrete Grinding Machine.

Type One : Trapezoid Shape Werkmaster Two Pins Redi Lock Blank

Type Two: Fan-shape Werkmaster Two Pins Redi Lock Blank

**Wermaster Two Pins
Trapezoid Shape Blank**

**Wermaster Two Pins
Fan Shape Blank**

About Us:

Packing & Delivery:

PS:

- 1.Tools packing in carton cases
- 2.By Air/Sea for batch goods, Airport/Port receiving
- 3.Less than 45kg, generally delivery by express(Door to Door)
- 4.When tools are in large quantities, they are packing in wooden cases

- For sample or small orders, products could be sent by express, TNT, DHL, UPS, FedEx, EMS etc.
- For large orders, shipping by sea or air is recommended. By our long-term cooperate agent or your appointed forward.
- By sea, port of loading: Shanghai, Ningbo, Xiamen, Qingdao etc.

Logistics:

Sample order ship by DHL, UPS, FedEx, TNT, EMS etc

For mass order delivery, can be optional with terms of Exwork, FOB, CNF, CIF by air or by sea based on the buyer's forwarder or ours

Our Service:

- 1.Low MOQ: It can meet your trial order need well.
- 2.OEM Accepted: We can produce according to your sample or drawings.
- 3.Good Service: We treat our clients as God with high professionalism and passion.
- 4.Good Quality: We have strict quality control system. Good reputation in the market.
- 5.Fast Delivery: We have big discount from forwarder.

FAQ:

1.How could we know the quality, if we want to order your products?

Please just test them with a very small order, then you will know the quality. At present,so many people in the world to use Chinese products, because of the high quality and most competitive prices. We are professional manufacturer in supplying diamond tools for more than 8 years. Anyway, confirming our products quality, a small trial order for testing will be necessary.

2.Can you offer free samples?

We don't offer free samples, according to our many years experience, we think people get the samples by paying, they will cherish and appreciate more what they get. But we are willing to give our potential customers a special discount which they are used to do a testing. It is very important to give us feedback, we appreciate it.

3.Does your company accept custom-made?

Surely, we accept it. Including different color, grit etc. We also can mark your own logo and brand on the pad. Any new products you want us to produce for you, just send us your drawing or

sample, we will produce the same one. We will not sell this kind of products to other customers only if we get your permission.
