

Product Description

Pyramid 45 teeth bush hammer roller with holder is now widely used to finish the lychee surface on granite, concrete and other materials, and the segment of bush hammer roller can be replaced.

Pyramid 45 teeth bush hammer roller with holder has completely changed the history of manual grinders polishing litchi surface, fundamentally improving the production process of litchi surface, making the appearance more uniform and greatly reducing the production cost.

Feature:

1. High quality bush hammer roller can be applied to many types of bush hammer plate.
2. Bush hammer roller with 45 segments can be applied to the grinding machine with 5-6 times more efficiency than manual work.
3. We are committed to developing higher technology products to reduce our customers' overall cost and gain greater benefits.
